

Camden Capital Ranked #90 in Financial Advisor Magazine's 2020 RIA Ranking

Los Angeles, August 2020 – Camden Capital has been ranked #90 out of 551 firms recognized in Financial Advisor Magazine's 2020 RIA survey and ranking. This annual report ranks Registered Investment Advisors (RIAs) according to percentage of growth in assets from the previous calendar year.

The FA RIA Ranking is an independent listing produced by Financial Advisor Magazine. To be eligible for the list, advisory firms must be RIAs, file their own ADV statement with the SEC and provide financial planning and related services to individual clients. RIAs submit data from their firm, including total assets under management, growth in assets, growth in assets per client and percentage change in number of clients.

“Financial Advisor Magazine's annual RIA report is the premier industry ranking for independent RIA growth, and we are thrilled to receive this recognition,” stated Camden Capital's President and Partner, Rich Bursek. “Exceptional service is paramount in the volatile world we live in today, and this ranking is a testament to our firm's commitment to our clients. We are grateful to have such a devoted team and loyal client base.”

Camden Capital provides a holistic approach to wealth management, legacy planning and family office services for prominent high and ultra-high net worth families, business owners and entrepreneurs.
